

B I C A S I L

INDICATIONS AND PROPERTIES

The product is indicated in a diet that supports liver and kidneys health and helps the rumination

Milk thistle and **Artichoke** are helpful for the body's hepatoprotective activity.

Bardana supports the diuretic activity, it can be useful during anabolic stress.

These plants also contain **flavonoids** and enzymes: flavonoids stimulate the antioxidant activity by stopping damage caused by free radicals, re-balancing correct functions of the liver and supporting the immune system.

Enzymes support ruminal activity.
